Berlin

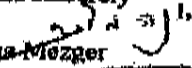

Greetings,

I was pleased to hear about your project "Break the Vicious Circle" in which you propose to bring before the world the suffering of families who have lost their loved ones as a result of the terror prevailing in our region.

Listening to our suffering and to the suffering of our enemies through religion and faith and in breaking down prejudices and false images held against us will help calm the evil spirits which exist between the Palestinian people and the Jewish people dwelling in Zion.

My best wishes go to all means that will promote the end of bloodshed and will hasten the long awaited peace in our Holy Land

Yours sincerely

Yona Metzger
The Chief Rabbi of Israel
